

STRANDLINE
resources limited

Emerging Mineral Sands developer – Australia and Tanzania

Senior Project Planner – Scheduler

- Proven project controls professional with planning expertise
- Project Delivery, Construction, Commissioning and Operations Handover
- Construction ready, world-class mineral sands project, situated in Gascoyne region of WA

Strandline Resources is on an exciting trajectory from explorer to mineral sands producer. The strategic plan has it advancing the Coburn mineral sands project in Western Australia (with key development approvals in place and project financing and early works execution activities underway). The Company is also undertaking extensive exploration and evaluation activities along the coastline of Tanzania, including at the Fungoni and Tajiri mineral sands projects in Tanzania, creating a potential pipeline of project and operational opportunities.

The Company is now looking to appoint a highly skilled and experienced project planning-scheduling professional with Primavera P6 and MS Project. To be considered you will need to be able to demonstrate significant “hands on” experience in the areas of project controls and planning of major mining projects through the development phase, including detailed engineering, procurement, construction and operations readiness phases.

Key responsibilities include:

- Liaise with Strandline’s owner’s team, contractors and consultants in order to develop and manage the master project plan (level 4 schedule) incorporating all interfaces, milestones and workstreams
- Maintain, monitor, analyse and report on the master project plan in Primavera P6 or MS Project software
- Develop simple, concise and professional report presentations that show project progress, forecasts, scenario analysis, and risks and opportunities to support project management decisions
- Coordination and integration of all contractor schedules, providing resource levelling, labour histograms, progress tracking and progress curves
- Generate cost models based on planned activities
- Contribute to continuous improvement, enhancing delivery methods and working within a multidiscipline project and operational team environment

An attractive remuneration package will be offered to suitably qualified and experienced individuals. We believe this opportunity to join an emerging mineral sands company and be instrumental in the success delivery of a world-class greenfield project development is an exciting opportunity for career development and progression.

The role will be based between Strandline’s Perth office and the project site (in Shark Bay, WA) as required to discharge all duties of the role and deliver the project in accordance with project time, quality, cost and safety objectives.

The role requires a strong commitment to health, safety, environment and community, including indigenous engagement and stakeholder management.

Applications should be forwarded to enquiries@strandline.com.au, addressed to Karen Trapnell and reference to role title (**RE: Senior Project Planner – Scheduler**).

We are an Equal Opportunity Employer and promote equality and diversity. Indigenous Australians and candidates from minority groups are encouraged to apply.

***Please note only successful applicants will be contacted* No advertising agencies will be accepted.**
