

STRANDLINE
resources limited

Emerging Mineral Sands developer – Australia and Tanzania

Assistant Accountant (Casual/Part-Time)

- Instrumental role for a positive, driven individual
- Ideally would hold (or progressing towards) an undergraduate degree, majoring in accounting; and
- Opportunity to be part of a dynamic team and contribute to growth of an ASX listed mining company.

Strandline Resources is on an exciting trajectory from explorer to mineral sands producer. The strategic plan has it advancing the Coburn mineral sands project in Western Australia (with key development approvals in place and project financing and early works activities underway). The Company is also undertaking exploration and evaluation activities along the coastline of Tanzania, including at the Fungoni and Tajiri mineral sands projects in Tanzania, creating a potential pipeline of project and operational opportunities.

The Finance team is seeking a Casual/part-time undergraduate or recent graduate who wants to work in a **busy, varied roll with an appetite for learning**. The role would initially be assisting in the implementation of a new accounting software (Pronto) and its operational processes, with the view to growing with the business and its demands as the Company transitions into project construction in the near term. This role is hands on and will bring new challenges and rewards each day with key support to ensure your success as part of a small, high functioning team.

Key responsibilities include (but not limited to):

- Purchase order maintenance and Account Payable management including leasing with suppliers and various project staff;
- Assist with the implementation of Pronto (accounting software) with key exposure to the development of the accounting framework from the ground up;
- Assist with month-end reporting including but not limited to Bank reconciliation, payroll costing, and cash-flow reporting;
- Assisting with preparations of financial reports and assisting with external audits;
- Complete various tasks as required to assist members of the finance team and other functions within the business; and
- Filing and various administrative duties as required.

We believe this is an exciting opportunity to join an emerging mineral sands mining company and be involved in the successful delivery of a world-class greenfield project development.

The role will be primarily based at Strandline's Office in the Perth CBD, with on-site end-of-trip facility and a gym provided. Initially casual/part-time with the potential to increase over time (flexibility will be provided for study requirements if required). The role requires a strong commitment to the Companies values of Respect, Excellence, Trust, Integrity and Courage.

Applications should be forwarded to enquiries@strandline.com.au, addressed to Karen Trapnell and reference to role title (**RE: Assistant Accountant**).

We are an Equal Opportunity Employer and promote equality and diversity. Indigenous Australians and candidates from minority groups are encouraged to apply.

***Please note only successful applicants will be contacted* No advertising agencies will be accepted.**
