This announcement is authorised for release by Luke Graham, Managing Director and CEO on behalf of the Strandline Board.

ABOUT STRANDLINE

Strandline Resources is an emerging developer with a world class portfolio of 100%-owned mineral sands assets located in Western Australia and within the world's major zircon and titanium producing corridor of east Africa.

Strandline's growth strategy is to develop and operate high margin, expandable mining assets with market differentiation and global relevance.

Strandline's asset portfolio includes two 'development ready' projects, being the long-life Coburn Project in WA and the Fungoni Project in central Tanzania, as well as a series of exciting exploration targets spread along the highly prospective Tanzanian coastline, including the large scale Tajiri Project in northern Tanzania.
